2. [ ] described how he was met at the airport on 22 June by Mr. Morris, Subcommittee Counsel, and taken into a private room at Idlewild Airport and interrogated before a subcommittee consisting of Senator Watkins.

3. [ ] laid particular stress and expressed considerable concern about two matters in connection with his testimony. The first of these was his insistence to the Subcommittee that he had resigned from CIA and was not connected with any Government agency in any way. Mr. [ ] was somewhat concerned about this statement in view of the fact that it was technical perjury, and asked me to help straighten it out if necessary. I have mentioned the matter to Mr. Morris, who states that both he and Senator Watkins realized the situation and that they were perfectly satisfied with [ ] statement in this connection. The second item which concerned [ ] was the fact that he had stated to the Subcommittee that there were other persons present at one of the two meetings he had with [ ]. He was asked the names of those others who were present at the meetings, but he informed me that he had told the Committee that inasmuch as he did not know whether some of those present were still employed with CIA, and whether they were overtly or covertly employed, he would be unable to furnish the names of CIA persons present to the Committee. Senator Watkins therefore deferred disclosure of these names to an indefinite point. (I was informed on 11 July by Mr. Morris that he was aware of the names of Messrs. [ ])
